

UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF CALIFORNIA

IN RE: CATHODE RAY TUBE (CRT)
ANTITRUST LITIGATION

MDL No. 1917

Case No. C-07-5944 JST

This Order Relates To:

**ORDER REGARDING MOTION FOR
PRELIMINARY APPROVAL OF
INDIRECT PURCHASER PLAINTIFFS'
CLASS ACTION SETTLEMENT WITH
MITSUBISHI ELECTRIC**

Luscher, et al. v. Mitsubishi Electric Corp.,
No. 17-cv-4067 JST

Re: ECF Nos. 5245, 5279, 5304

On April 27, 2018, the Indirect Purchaser Plaintiffs (“IPPs”) wrote a letter requesting that the Court defer ruling on their pending motion for preliminary approval of a class action settlement with Mitsubishi Electric Corp. ECF No. 5245 (requesting a 45 day deferral); *see also* ECF No. 5304 (requesting an additional 45 days). The Court’s consideration of the IPPs’ motion for preliminary approval is stayed until the IPPs request that the Court rule on it, or until the Court issues a further order.

IT IS SO ORDERED.
